Conversation

Starters

Talking to people about mental health can hugely benefit both parties, but starting these conversations, especially if you have never done so before, isn't always easy.

For Wear it Green Day wear green to let people know you are open to conversation.

Use these conversation cards as a starting point and a way to ease yourself into a conversation.

You can use these cue cards in pairs or small groups. We recommend encouraging people to speak informally and casually, not necessarily taking turns.
